

Formulating for a clean future.

Green Logic™ Organic Ice Melt

Green Logic™ Organic Ice Melt is a premium ice melt product designed to melt ice and snow with naturally occurring elements, including potassium, which is a plant nutrient.

This unique, ready-to-use, proprietary blend of sea salt and two fertilizers (potassium and urea) is new and improved with a green safety color coating for visibility. This reduces over-application errors and provides clear evidence that an ice melter is in use.

When used as directed, **Green Logic™ Organic Ice Melt** is a safer choice to clear ice away on concrete, walkways and driveways.

WHIMIS & OSHA Exempt

- Long storage life
- Easy to use
- Effective to -10° F (-24° C)
- Natural
- Safety green coating
- Non-flammable
- Easy to handle & store in 50 lb. pails
- Safer choice

Sizes: 50 lb. pails (22.75) kg

The **Green Logic™** brand symbolizes Core Products Co., Inc.'s commitment to green cleaning solutions.

Core is ***formulating for the future™*** by transforming the cleaning industry with innovative, green cleaning solutions.

Green Logic™ Organic Ice Melt

DIRECTIONS

Ice melt may be applied at the beginning of a storm to prevent hard ice accumulation.

1. Remove excess snow.
2. Spread ice melt evenly over surface.
3. Allow ice melt to break down ice bond.
4. Remove all remaining slush and ice.

Caution: Ice melt should not be applied to unsealed brick, exposed aggregate, or precast steps. Applying ice melt to damaged, cracked, chipped or inferior concrete may result in further damage during the natural freeze/thaw cycle.

Water resulting from melted ice and snow may be absorbed by the concrete and upon refreezing, expand. This may lead to further surface damage. Removing all slush and melted ice or water from concrete will reduce this risk.

Excessive amounts of ice melt may damage plant life if left to accumulate.

Keep out of reach of children.

Core Products can not control the use of the product or the quality of the concrete or surface on which it is used. No warranty, written or implied, exists concerning its use. User assumes all risk of loss or damage arising from use, handling, or the effects thereof.

Contains: Primary agent: Potassium. **Green Logic™ Organic Ice Melt** is considered a trade secret. Harmful if swallowed.

Health: 1
Fire: 0
Reactivity: 0
