Dear CORE Products,

I am writing to you to express my enthusiasm about a product of yours that I have recently begun using. That product is the Un-Believ-Able Stain and Odor Remover. I have never seen anything work as well as this product does. Every company claims that their product will take anything out that is a stain. Your product, however, is the only product that I've ever seen that does just that. It even takes out stains that have been laundered before.

In my household, we are always having my friends over, and we end up spilling a lot of drinks sometimes. The stain remover never fails to leave my carpet spotless even after punch has been spilled on it. If that doesn't prove that your stain remover is the best product on the market, then I don't know what will.

My family and I like this product so much that we actually have my grandfather ship it across the United States to us from North Carolina. We live in California and the product isn't available here. But since we have never seen anything this good, we will continue to get it via mail. If you ever decide to open up on the West coast, you will definitely have one buyer!

Sincerely,

Matthew Edwards
